Testimonials

Wayne Mateer, Owner

"My restaurant is located in one of the fastest growing communities in the United States. New restaurants are popping up all over the place!! We've been in business since 1980 and it's hard to stay ahead of the curve and be different. These Talk'n Tables™ did just that and at the same time brought the business community into my restaurant.

I'm glad I did it and I look forward to getting more tables and businesses into my restaurant."

J.B & N.L.R., Waitresses at Monte Cello's

"My customers love these tables.. In fact, people request to sit at one of the Talk'n Tables™ instead of the plain ones. It gives them something to do while waiting for their food." " We hear comments like "WOW - This is cool! - I know this business! What a Great Idea! "

Businesses that advertised on these tables are always coming in here now and bringing their friends with them."
