Advertiser Testimonials

Kathi M Tennant - Owner

I would like to thank you for selling me on the Talk' n Tables advertising concept. It's been amazing to see the response from having an ad at a restaurant a mile up the road. I was very surprised so many people have commented on the ad. They live so close to my business and didn't even know that we were here in the community. If you should ever have another restaurant in Dormont or Mt. Lebanon let me know. I would surely be interested.
